Form - Duty of Candour Annual Report

All health and social care services in the UK have Duty of Candour responsibilities. This is a legal requirement which means that when things go wrong and mistakes happen, the people affected understand what has happened, receive an apology and organisations learn how to improve for the future.

An important part of this duty is to provide an annual report about the duty of candour in our service. This short report describes how the Care Home has operated the duty of candour during the last year. We hope you find this report useful.
